2016-2019 (April), Director ERS TB Collaborating Centre
From 2018, Chair of the Global TB Network (GTN) established in October 2018 (hosted by WAdid).
From 2018, Member of Board of Directors of WAdid
From 2016, Visiting Professor, University of Monterrey (Mexico)
From 2019 Honorary Professor, Blizard Institute, Queen Mary University, London (UK)
From 2019 Chief Editor, Int J Tuberc Lung Dis.
2019 co-chair of the ATS/ERS/IDSA/CDC guidelines on MDR-TB management
2019 Course Director GFATM training course, Bhutan
2021: chair of Data Monitoring Committee for the BPAL Clinical Access Programme, South Africa
2021 Course Director GFATM training course, Papua New Guinea
2021-22: core WHO EMR Consultant to design the EMRO Regional Action plan and TB Elimination plan
2022 Leading Consultant NSP Libya
2022 Leading Consultant NSP Lebanon (experience published, IJTLD March 2023)
2022 Lead, Missing cases and drug-susceptible TB, Joint Programme Review mission, Pakistan
2022 Course Director GFATM training course, Timor Leste
2022 Team leader, TB Programme Review Pakistan
2023 Leading Consultant, Global Fund Proposal, TB Component, Thailand

Education and training

1985, Medical Degree, University of Pavia
1989, Specialization in TB and Lung Diseases, University of Pavia
1994, Specialization in Epidemiology and Biostatistics, University of Pavia
1999 Quality System UNI EN ISO 9002, Certiquality, Milan
2010, The Union, President Europe Region
2012, FRCP, London (honorary nomination, bye-law 39b)
2013, ERS Secretary General
2014, Foundation Fellow of the European Respiratory Society (FERS)
2015, Fellow of the Asian Pacific Society of Respiriology (FAPSR)

Personal skills and competences

1987-1989: Lecturer on epidemiology of infectious diseases at the Arua Nursery and Midwifery school.
 1993- 2008: Lecturer at the School of Specialization in Medical Statistics, University of Pavia.
 Since 1995: Lecturer of the IUATLD Post-Graduate Courses
 Since 1998: Lecturer at the WHO Course for TB managers, Warsaw (Poland)
 Since 1999: Lecturer of the European School of Respiratory Medicine (ERS, European Respiratory Society)
 1999-2000: Lecturer at the School of Rehabilitation Therapists, University of Insubria, Varese
 Since 2001: Course Director, WHO Training Course for TB and TB/HIV Consultants, PPM Consultants GFATM Consultants, Laboratory Consultants, Infection Control Consultants, 56 editions in Sondalo/Cepina, Italy; and 26 abroad as follows: Moscow (Russian Federation), Kiev (Ukraine), Paris (France), Addis Ababa (Ethiopia), Cairo (Egypt), Geneva (Switzerland), Abuja (Nigeria), Bali (Indonesia), Cancun (Mexico), Cotonou (Benin), Dubrovnik (Croatia), Latin America (Brazil, Mexico, different locations), Katmandu (Nepal), Dhaka (Bangladesh), Paro (Bhutan), Tunis (Tunisia).
 Since 2016: Visiting Professor, University of Monterrey (Mexico).
 From 2019: Honorary Professor, Blizard Institute, Queen Mary University, London (UK)

Global Key Opinion Leader (KOL) in Tuberculosis with extensive experience in successfully leading projects at the international level in complex environments with multiple stakeholders respecting deadlines

Organisational and technical skills and competences

- Consultant (WHO, USAID) in monitoring and evaluation missions in Europe (Russia, Belarus, Ukraine, Romania, Kosovo, Moldova, Poland, Turkey, Estonia, Croatia), Africa (Benin, Burkina, Ethiopia, Mozambique, Tanzania, Uganda) and Asia (Indonesia, Philippines) focused on TB disease and infection control;
- Consultant (GDF) on drug TB/MDR-TB management in Europe and Africa;
- Consultant (GFATM) in developing TB and TB/HIV proposals including TB disease and infection control components (Kosovo, Albania, Haiti, Angola, Tanzania, Uganda) and evaluating them (rotating member of the Technical Review Panel, TRP) and provide trainings at different levels (GFATM HQ staff, Bhutan, Papua New Guinea, Timor Leste)
- Consultant to develop TB disease and infection surveillance/survey systems in Europe and Africa;
- Author of the first study on XDR-TB outcomes in Europe, the first validating clinical and public health value of the WHO-proposed XDR-TB definition; coordinator of the first study supporting the rationale for a new definition of resistance beyond XDR (TDR), of which he described the first 2 cases (Eurosurveillance 2007);
- Senior Author of the first systematic review published on XDR-TB;
- Co-Author/coordinator of TBNET published position papers (e.g. LTBI, TNF- α) till 2011;
- Author of ERS TB management guidelines and co-Author of ATS ones (targeted tuberculin testing) and of the International Standards for TB Care document (Core Group; Versions 1-3);
- Senior Author and coordinator of the ECDC/ERS ESTC (EU Standards for TB Care) project, based on a Delphi process
- Senior Author and coordinator of the ECDC MDR-TB project (TBNET as tenderer), based on a audit tool developed through a Delphi process
- Core coordinator of the ECDC IGRA project (TBNET as tenderer), based on systematic reviews
- Scientific coordinator of the ECDC childhood outbreak project (AIPO as tenderer), based on systematic reviews
- Core TBNET epidemiologist in the development of the TBNET database for the MDR/XDR-TB study funded by the EU FP7 project till 2011;
- Author of the first published cost-effectiveness study on TB control in Russian-speaking countries (Russia) and on DOTS-Plus implementation (Estonia, Russia);
- Coordinator of the LTBI Review initiative, ERS Forum for TB Innovation;
- Coordinator of TB Elimination in Europe Study in collaboration with ERS, WHO and ECDC;
- Coordinator of the several core studies on the use of new drugs (linezolid, cabapenems, delamanid and bedaquiline);
- Course Director (and WP Leader), EU FP7 WHO training course on MDR/XDR-TB, Sondalo/Cepina (Italy), replicated in since 2001 in 56 editions in Italy and 26 abroad, with more than 2,200 participants overall trained;
- Main Author of the MDR/XDR-TB (USAID-funded) monitoring and planning tool, then adopted as GLC monitoring tool;
- Main Author of the MDR/XDR-TB WHO planning tool used to prepare the Beijing Governmental conference on MDR-TB prevention and control (April 09);
- Author of several surveillance studies in Europe designed on Delphi and questionnaire-based surveys
- Author of several studies on Asthma and COPD, including the historical studies on the use of induced sputum in bronchial asthma management, on the role of 'asthma school' and on pulmonary rehabilitation.
- Member of the WHO Euro "Task force to develop a framework for follow-up of NTP managers' meeting on childhood TB"
- Member and Chair of novel WHO Working Groups (Latent TB Infection, Digital Health)
- Promoter of the global TB Elimination movement, resulting in the Rome 2014 Global ERS/WHO Consultation and in the 2015 WHO TB Elimination Framework (ERJ, 2015)
- Visiting professor, University of Monterrey (Mexico); Professor, Speciality School of Pulmonology, Insubria University (Italy) and Honorary Professor, Blizard Institute, Queen Mary University of London.
- Chair of the Global TB Network (GTN) which aims to foster and conduct research on key unmet therapeutic and diagnostic needs in the field of TB elimination leveraging on multi-disciplinary, multi-sectorial approaches and supportive interventions within the framework of the WHO End TB Strategy
- Coordinator of the 2021 series on Clinical Standards for Lung Health published in IJTL (Diagnosis, treatment and prevention of 1) Post –TB Lung Disease; 2) COVID-19 and 3) and TB Infection, among others

	<ul style="list-style-type: none"> - Core WHO EMR Consultant to develop Regional Action plan and Elimination plan 2023-2030 - WHO EMR Consultant to develop the National Strategic Plan for TB 2023-2030 for Libya and for Lebanon - Team Leader, Programme Review Pakistan (2022) - Leading Consultant, Global Fund Proposal, Thailand (2023) - WHO/SEAR Consultant to develop the National Strategic Plan for Bhutan 2024-2028 - Leading Consultant Global Fund Proposal Kosovo (2023-2024) - WHO Consultant, PASS Project, WHO European Region
